DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7 and 9-13 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The limitations found in claims 1-7 are neither disclosed nor taught by the prior art of record, alone or in combination. The prior art of record does not disclose the limitations of at least one conductive interior wall electrically coupled to said bottom and cover members and at least one an "L"-shaped gasket engagement tab formed in at least one of said cover and bottom members the gasket engagement tab protruding away from the at least one of said cover and bottom members by a predetermined distance H- and which extends toward said conductive gasket said engagement tab being aligned with said interior wall whereby said interior wall resists bending of said at least one cover and bottom member during assembly of said gasket to said cage in combination with the other limitations recited in claim 1.

The limitations found in claims 9-13 are neither disclosed nor taught by the prior art of record, alone or in combination. The prior art of record does not disclose the limitations of a plurality of conductive wall members that cooperatively define a hollow receptacle said wall members including a bottom wall member, a top wall member, two outer wall members and at least one inner wall member; a rigid backing member disposed on said cage proximate said cage opening thereof, the backing member extending completely around said cage opening, said cage top and bottom wall members including a plurality of support tabs that engage said backing member and a conductive gasket disposed adjacent said backing member and also extending completely around said cage opening, the gasket being compressible such that it may be pushed
